

YOUR GUIDE TO

# Welcoming a Maine Coon Kitten

Everything you need  
to feel prepared, confident,  
and excited for the journey  
ahead with your new  
Mewsical Maine Coon.

♥ *Lisa's Tip*

Every kitten leaves our home  
with love, a strong foundation,  
and the support of our  
Mewsical family behind them  
—always.

♥ *Strong in body. Gentle in spirit. Loving by nature.* ♥

Mewsical Maine Coons  
TICA Registered Cattery

# The Mewsical Promise

Our commitment to lifelong health, happiness, and support.

Bringing a Mewsical Maine Coon into your life is the beginning of a special journey. We are here for you every step of the way.

## LIFELONG SUPPORT

We are always here to answer questions, offer guidance, and celebrate milestones. Our relationship doesn't end when your kitten comes home.

## HEALTH GUARANTEE

We stand behind the health of our kittens. If a genetic condition covered by our guarantee is diagnosed before age 2, we will replace or refund per contract.

## RESPONSIBLE PLACEMENT

We carefully match each kitten with the right family—because the right home is the foundation of a happy, healthy life.

## ETHICAL BREEDING

We are dedicated to preserving the Maine Coon breed through ethical breeding practices, integrity, and a deep love for these extraordinary cats.

## Our Promise to You

- ♥ A healthy, well-socialized kitten raised with love and purpose
- ♥ Honest communication and ongoing support
- ♥ A kitten who will bring joy, love, and companionship for many happy years

## Lisa's Philosophy ♥

We don't just raise kittens; we raise family. Our goal is to send confident, affectionate Maine Coons into the world to enrich the lives of those who love them. They leave our home as kittens, but never our hearts.

Strong in body. Gentle in spirit. Loving by nature.

Mewsical Maine Coons • TICA Registered • Oregon, USA

# Thoughtfully Bred

*The philosophy that guides every decision we make.*

Every breeder has their own philosophy. This is ours. We don't believe in breeding simply because two cats can produce kittens. Every litter is thoughtfully planned because we believe it should contribute something positive to the future of our breeding program and to the families who place their trust in us.

Our goal has always been simple: to raise healthy, affectionate Maine Coons with the wonderful personalities that have made this breed so loved around the world.

## Health & Temperament Come First

Health is always our first priority—but it's never our only priority. The Maine Coon has earned its reputation as the "gentle giant" because of its affectionate, intelligent, playful, and easygoing personality. We believe those wonderful temperaments are every bit as important as beautiful looks.

Before every breeding, we carefully evaluate health, temperament, pedigree, and overall compatibility. Our goal is to produce kittens that are healthy, confident, affectionate, and a true joy to live with for many years to come.

## Thoughtful Pedigrees

Thoughtful breeding begins long before a litter is planned. We carefully research pedigrees and do not intentionally pair cats that share common ancestors within the previous four to five generations. We believe maintaining genetic diversity is an important part of producing healthy, resilient Maine Coons. To further strengthen our breeding program, we have thoughtfully incorporated mid-generation outcross (F5) Maine Coons. These cats are fully recognized Maine Coons while contributing valuable genetic diversity that helps preserve the long-term health and vitality of the breed.

*Every breeding decision is made with one purpose in mind—to leave the next generation stronger than the one before it.*

## Always Learning

Responsible breeding doesn't end when a kitten goes home. One of the greatest advantages of staying connected with our Mewsical families is that we continue learning from every kitten we produce. We encourage families to keep us updated throughout their cat's life—not just with photos and milestones, but also with any significant health concerns, whether they are believed to be genetic or not. This information helps us continually evaluate our breeding program and make informed decisions for future generations.

We're committed to lifelong learning. We regularly study new research in feline health and genetics and are proud to contribute health information to veterinary research programs, including studies through UC Davis. Every new piece of knowledge helps us become better breeders.

## A Lifetime Relationship

One of the greatest joys of breeding isn't the day a kitten goes home—it's watching that kitten become a beloved member of someone's family. Every family who welcomes one of our kittens is invited to join our private Facebook community, where more than **250** Mewsical families share photos, celebrate birthdays, ask questions, exchange advice, and enjoy watching their cats grow through the years.

For us, breeding Maine Coons has never been about producing kittens. It's about preserving a remarkable breed, nurturing the temperament that has made Maine Coons so beloved, continually learning, building lasting relationships, and giving every kitten the healthiest, happiest beginning we can.

*“We don't measure success by the number of kittens we produce. We measure it by the health of our lines, the temperament of our cats, and the lifelong relationships we build with the families who welcome them home.”*

# Raising Healthy Kittens

*From carefully planned pairings to go-home day,  
every kitten receives thoughtful care from  
the very beginning.*

## Carefully Planned Litters

Every litter is intentionally planned with health, temperament, structure, and genetic diversity in mind.

## DNA Health Testing

All breeding cats are DNA tested for important inherited conditions to help us make informed breeding decisions.

## Veterinary Care

Every kitten receives age-appropriate veterinary examinations and will go home with a complete health record.

## Home Raised

Our kittens are born and raised in our home, where they experience everyday household life, receive daily handling, and grow into confident, affectionate companions.

## Health Records

Every family receives detailed health records, vaccination information, and guidance to help their kitten transition smoothly into its new home.

## Lifetime Support

Our support doesn't end when your kitten goes home. We're always happy to answer questions, celebrate milestones, and continue supporting our Mewsical families.

 Every kitten is backed by our written health guarantee, giving families peace of mind and reflecting our commitment to responsible breeding.

*Healthy kittens begin with healthy decisions—  
long before they're ever born.*

*“A Maine Coon is not just a pet, it's family in fur.”*

# Your Kitten's Journey

Here's a look at the love, care, and experiences your kitten enjoys before joining your family.

**BIRTH**  
Born in our home and surrounded by love from the very beginning. Mama and her kittens are cared for 24/7 in a calm, nurturing environment.

**WEEKS 1-3**  
Daily gentle handling and bonding help build confidence and trust. Tiny personalities begin to shine!

**WEEKS 4-7**  
The world becomes bigger and more exciting! Kittens explore, play, use the litter box, and are exposed to everyday household sights, sounds, and experiences.

**WEEKS 8-12**  
Veterinary exam, vaccinations, health monitoring, and temperament evaluations ensure your kitten is healthy, confident, and ready for their new adventure.

**AROUND 12 WEEKS**  
Go-home day! Your kitten heads home with everything they need and our lifetime support—ready to begin the next beautiful chapter with you.

*Thank you for choosing  
Mewsical Maine Coons.*

We'll always be just a message away.

*Welcome home.*

# Preparing for Go-Home Day

A little preparation goes a long way  
in helping your new Maine Coon kitten  
feel safe, confident, and loved  
in their new home.

## FOOD

Your kitten is currently  
eating the following:

- Nulo Kitten dry food
- Nulo Kitten canned food
- Dave's Grain Free  
Turkey & Giblets canned  
food

We'll send a small supply  
home with your kitten.  
If you decide to change foods  
later, transition gradually over  
7-10 days to help prevent  
digestive upset.

## WATER

Fresh water should always  
be available.

We recommend using  
glass or ceramic bowls  
rather than plastic.

## LITTER

Your kitten has been raised  
using Dry Den Equine  
Bedding Pellets, an all-natural  
compressed wood pellet  
bedding available at many  
farm supply stores.

We recommend continuing  
with the same litter when  
your kitten comes home.  
Familiar scents and textures  
help kittens adjust more  
quickly to their new  
environment.

*Provide at least one litter  
box per cat, plus one extra.  
If your home has multiple  
levels, place a litter box  
on each floor.*

## Essentials CHECKLIST

- ☐ Food
- ☐ Water bowls
- ☐ Litter box
- ☐ Litter (Dry Den  
Equine Bedding Pellets)
- ☐ Scratching post
- ☐ Carrier
- ☐ Toys
- ☐ Soft bed
- ☐ Grooming comb

Having these essentials ready  
before your kitten arrives helps  
create a smooth, stress-free  
transition for everyone!

## Mewsical Tip

Wood pellets naturally break down into sawdust when wet,  
making them economical, low dust, and excellent at controlling odor.  
We keep the litter about 2 inches deep and scoop solids daily.

## SAFE SPACE

Prepare one quiet room  
where your kitten can  
settle in.

Include food, water,  
litter box, bed,  
scratching post, and toys.  
This helps your kitten feel  
secure while adjusting  
to their new home.

## LOVE & PATIENCE

Moving to a new home is a  
big change. Give your kitten  
time, understanding, and  
plenty of gentle attention.

Your calm presence and  
kind voice will help them  
feel safe and loved.

*The first few days set the  
foundation for a lifetime  
of trust and companionship.*

## STAY CONNECTED

We love watching our kittens  
grow! Share photos, updates,  
questions, and milestones  
anytime.

Join our private Facebook  
community of more than  
**250 Mewsical families**—  
a wonderful place for support,  
advice, and lots of Maine  
Coon love.

*You're not just bringing home a kitten—  
you're gaining a lifelong companion and a family that's here for you.*

Questions, photos, or just want to share a brag?  
We're always here for you! [MewsicalMCs@gmail.com](mailto:MewsicalMCs@gmail.com)

*Strong in body. Gentle in spirit. Loving by nature.*

# FREQUENTLY *Asked Questions*

We want you to feel confident and comfortable every step of the way. Here are answers to some of the questions we hear most often.

## WHEN WILL MY KITTEN BE READY?

Kittens are typically ready to go home between **12–14 weeks** of age. This extra time allows them to grow, develop confidence, and learn important social skills.

## ARE THE KITTENS HEALTH CHECKED?

Yes! All kittens are examined by our veterinarian, dewormed, and up to date on age-appropriate vaccinations before going home.

## WHAT DO I NEED TO BRING MY KITTEN HOME?

Just a carrier, a little patience, and lots of love! We'll send you home with a go-home kit including food, a toy, and helpful information.

## DO YOU OFFER DELIVERY?

Yes. We are happy to help coordinate safe transportation options throughout the United States. Transportation costs are separate from the kitten purchase price.

## WHAT IF SOMETHING HAPPENS?

Every kitten is backed by our written health guarantee. If a covered hereditary condition occurs during the guarantee period, we'll work with you according to the terms of our contract.

“  
*When you open  
your heart to a  
Maine Coon,  
you open the door  
to a lifelong friend.*  
”

## HAVE MORE QUESTIONS?

We're happy to chat! Reach out anytime — we love talking about our cats and helping families find their perfect match.

*Questions don't end on  
go-home day. Neither does  
our support.*

*From our home  
to yours, with love.*

# WELCOME *to the Family!*

We are so happy you have welcomed a Mewsical Maine Coon kitten into your life!

Our greatest joy is knowing our kittens are joining loving homes where they will be cherished as family. We are here for you every step of the way and look forward to watching your kitten grow and thrive.

*Thank you for being a part of the Mewsical Maine Coons family.*

## YOUR KITTEN'S JOURNEY

### A LOVING START

Raised in our home with love and care, socialized daily and nurtured from the very beginning.

### HEALTH & WELLNESS

Veterinarian checked, dewormed, and up to date on age-appropriate vaccinations before going home.

### GO-HOME KIT

Your kitten comes with a go-home kit including food, a favorite toy, and helpful information to get you started.

### LIFETIME SUPPORT

We are always here for you—before, during, and long after your kitten comes home.

“  
*A Maine Coon is not just a pet,  
it's family in fur.*”

## STAY IN TOUCH

We love updates and photos!  
Watching our kittens grow brings  
us so much joy.

## REMEMBER

- ✓ Give your kitten time to adjust – patience and love go a long way.
- ✓ Keep vaccinations up to date and schedule spay/neuter when recommended by your veterinarian as your kitten matures.
- ✓ Feed quality food and provide plenty of love, play, and enrichment.
- ✓ Enjoy every moment – kittens grow up so fast!

*Thank you for trusting us  
with such a special part of  
your heart.*
